How to the Brain Tumour Awareness Month Frame to Your Facebook Profile Picture and the Twibbon to Your Twitter Profile picture

Adding our Brain Tumour Awareness Month Frame to your profile photo on Facebook is a great way to spread awareness and get more of your friends and family involved and increase any fundraising you're doing for this month.

Follow these simple steps to set up your frame:

1. Go to your profile photo on Facebook.
2. Click "update" then choose "add frame".
3. Type in the search bar "Brain Tumour Awareness Month" – you'll likely see various frame options, look for and choose the one created by Brain Tumour Research.

4. You can set how long your profile photo shows the frame for.
5. Click the button which says "Use as profile photo" when you're happy with how it looks and how long it will stay on your photo.
6. You'll also see a pop up asking for donations to Brain Tumour Research – this is of course your choice and not mandatory.
7. The Wear A Hat Day Frame will now appear on your profile photo and your friends will see this as a new post from you!

It's also really easy to add our Brain Tumour Awareness Month Twibbon to your profile photo on Twitter.

1. Follow this link to find our campaign on the Twibbon website <https://twibbon.com/support/braintumourawarenessmonthnew>
2. There you'll immediately see how our Twibbon graphic will appear on a profile picture.
3. Choose the Add to Twitter option.
4. Authorise Twibbon to access your Twitter account. This does not affect your account security, it just lets everyone know that you're taking part in our awareness campaign.

Support this campaign by adding to your profile picture 

5. The Twibbon will then appear over your profile picture

How to remove your Twibbon from Twitter at the end of March.

1. Going to your profile page on Twitter and clicking the Edit Profile button on right hand side of the page.
2. Clicking "Change your profile photo".
3. Choosing the option to upload photo.
4. Choosing your previous profile photo from your computer without the Twibbon overlaid.
5. Once you are happy with the positioning, clicking "Upload".
6. Clicking "Save Changes"

Enjoy using our frames and thank you for helping spread awareness!

A yellow banner with a white border. On the left, the text reads 'WE URGENTLY NEED YOUR SIGNATURE TO HELP SAVE LIVES' in bold black and pink letters, with 'Sign our petition today' below it. In the center, a pink circle contains the text 'HELP US achieve 100,000 signatures by February 2021'. On the right, there is a logo for Brain Tumour Research, which consists of a stylized brain made of interlocking loops, with the text 'Brain Tumour Research' below it.
