

BRAIN TUMOUR RESEARCH

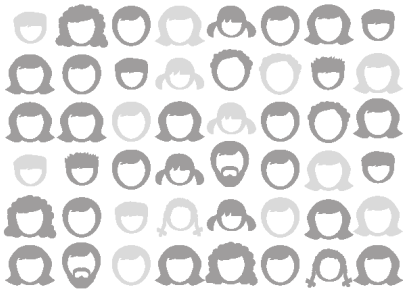

KEY STATS AND FACTS INFOGRAPHIC

We are building a network of experts in sustainable research at dedicated UK Centres of Excellence whilst influencing the Government and larger cancer charities to invest more nationally and we are a leading voice calling for greater support and action for research into what scientists are calling the last battleground against cancer.

This is our powerful visual representation of some of the most important and compelling facts surrounding brain tumours. Brain Tumour Research is the only national charity in the UK that is dedicated to raising funds for continuous and sustainable scientific research into brain tumours.

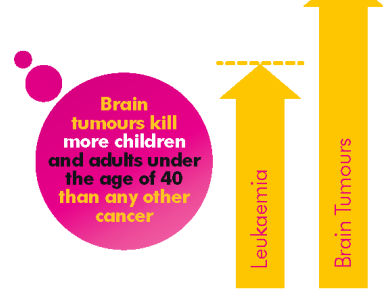

Brain tumours are **INDISCRIMINATE**

They can affect **anyone** at **any age**

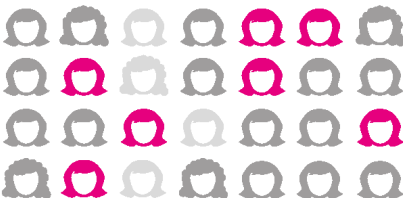

Brain tumours **KILL MORE CHILDREN** than leukaemia

Brain tumours **KILL MORE MEN UNDER 45** than prostate cancer

Brain tumours **KILL MORE WOMEN UNDER 35** than breast cancer

Just **1%** of the national spend on cancer research has been allocated to this **devastating disease**

Less than **20%** diagnosed with a brain tumour **SURVIVE BEYOND FIVE YEARS**

compared with 50% avg for all cancers
